# ARJUN DUTTA

Full-Stack Developer

arjundutta91@gmail.com

408.458.6077

## ABOUT

Passionate and performance driven full-stack developer with over two years of experience crafting and maintaining web apps across the stack. Proven ability to drive innovation and build engaging interactive experiences through collaboration.

## EXPERIENCE

### Full-Stack Developer at Atomic Infotech

Nov 2016 - Current

Collaborate with project managers, designers, and developers to create intricate web applications for clients such as Microsoft, Amazon, and Mud Bay. Led internal stack shift towards ReactJS, significantly increasing the quality and complexity of products while markedly decreasing development time. Manage multiple projects at any given time, maintaining an efficient workflow with thoughtful planning and communication. Mentor several junior developers, promoting clean coding practices and fostering a positive work environment.

### Freelance Developer at Self Employed

Apr 2016 - Nov 2016

Build several interactive and visually appealing portfolio websites, working remotely with clients to best serve their vision. Effectively managed time to produce quality code in a timely manner.

## EDUCATION
